

The Ontario Independent Facilitation Network (OIFN) is delighted to invite you to...

RECONVENING ON FERTILE GROUND

Nourishing Ideas for Growth & Collaborative Change

facilitating change, customizing supports

In October 2024, we were thrilled to host OIFN's first in-person event in several years!

We are inspired by the response and ideas that emerged for telling our shared stories and moving forward together with meaningful actions for change.

Please join us as we continue to build momentum together and dialogue further about possibilities and opportunities for our Community of Practice to work together and bring our shared values to life in the current landscape.

OIFN is committed to cultivating spaces that are welcoming and inclusive of self-advocates, people who receive some support, family members, loved ones, independent facilitators, and supportive allies.

*Limited bursaries available for people and family members/loved ones.

To be considered for a bursary, please select "Bursary Request" on the registration page.

OIFN will follow up with you to confirm approval of your request, based on available support.
